REPORT

OF THE

COMMISSIONERS OF THE

LAND OFFICE

IN RESPONSE TO A RESOLUTION OF THE SENATE

PASSED MARCH 10, 1824

REPORT OF THE DIRECTOR OF THE LAND OFFICE

TO

THE SENATE OF THE UNITED STATES

To the House of Representatives of the United States.

I herewith transmit a Report from the Director of the Mint of the United States, showing the operations of that institution for the last year.

JAMES MONROE.

Washington, February 2, 1825.

To the House of Representatives of the United States
I have the honor to transmit a Report from the Director of the Mint of the
United States showing the operations of that institution for the last
year.

JAMES MONROE

Washington, February 2, 1825.

MINT OF THE UNITED STATES,

Philadelphia, January 1, 1825.

SIR: I have the honor to lay before you a Report of the operations of the Mint, during the past year.

From the statement of the Treasurer, herewith transmitted, it appears that the coinage executed within the above period, has amounted to \$1,858,297; consisting of 4,786,894 pieces of coin, viz.

Of gold	-	19,940 pieces, amounting to	\$93,200
Of silver	3,504,954	-	1,752,477
Of copper	1,262,000	-	12,620
<hr/>			<hr/>
4,786,894			1,858,297
<hr/>			<hr/>

Deposites of gold have been, for the last three years, inconsiderable. While gold bullion is in demand, at a premium on its standard value, for the purpose of exportation as a remittance, instead of bills at the current exchange, no adequate inducement exists to bring it to the Mint, if its value can be otherwise satisfactorily ascertained. It is obvious, that, if coined and issued, under such circumstances, it cannot be retained in circulation.

Of the gold coined within the year, about five per cent. was received from North Carolina, thirty-five from Africa, and fifty from South America and the West Indies. The remainder, about ten per cent. is of uncertain origin.

Of silver, the receipt has been abundant throughout the year. The amount now in the vaults of the Mint exceeds \$300,000; and no failure of the supply is at present anticipated. A large portion of this supply comes directly from Mexico, South America, and the West Indies, in various forms of unwrought bullion, in plate, and in coins not admitted into our currency. But the principal deposits are made in foreign coins, by the banks; especially the Bank of the United States; about \$1,200,000 having been received from that institution within the past year.

The amount of copper, coined and uncoined, the property of the United States, now at the Mint, is about \$25,000. The issue of cents, within the year, has amounted to \$15,475; on which a profit has accrued, of nearly \$4,500, as will be more particularly specified in the usual return made by the Treasurer, on that subject.

The aggregate profit, heretofore realized, on the coinage of copper, having amply refunded the amount ordinarily invested, on behalf of the Government, in the purchase of that article, the profit now derived from the annual issue of cents, which is regularly paid into the Treasury of the United States, is an effective reimburse-

ment, of so much of the amount expended, under the appropriation of the year, for the support of the Mint.

Copper coins being transported at the expense and risk of the Government, to all parts of the United States, the knowledge of this facility, as it is more generally diffused, may be expected to increase the demand for them. Care is taken that this demand shall always be promptly satisfied.

No material interruption has occurred, within the year, to the ordinary business of the Mint. Though the retirement from office, and closely following decease, of my excellent predecessor, marked this period, the assiduous care of highly qualified officers, long associated with him, preserved, unimpaired, the progress of its operations. The present Report exhibits an amount of coinage, inferior, by only a minute difference, to that of the year 1820, hitherto the most productive in the records of the establishment.

I have the honor to be, with great respect,

Your obedient servant,

SAM. MOORE.

To the PRESIDENT of the UNITED STATES.

[*To be annexed to Document No. 70.*]

TREASURY DEPARTMENT,

February 23, 1825.

SIR: I have the honor to transmit, herewith, three statements marked A, B, C, which have been prepared by the Comptroller of the Treasury, pursuant to the 7th section of an act of Congress, passed on the 2d of April, 1792, entitled "An act establishing a mint and regulating the coins of the United States."

These statements contain all the information relative to the transactions of the mint, which the settlements made at the Treasury afford.

I have the honor to be, very respectfully, your obedient servant.

WM. H. CRAWFORD.

Hon. H. CLAY,
Speaker of the House of Representatives.
